

# Wild Spirituality

A short intro  
By Søren Hauge

**Sidhe Wisdom is an adventure** leading to a new discovery of the natural wildness we lost when we distanced ourselves from nature and lodged into the isolated individuality. However – it is a new, conscious wildness, blowing with the wind of awakened Spirit. It is an opening into the flowing music of purposeful connectedness – the living flow where we rediscover the vibrant, living wholeness ever in becoming. It is the epic journey opening the doors to the lost treasures – the forgotten power, the forgotten life, the forgotten dream and the forgotten magic.

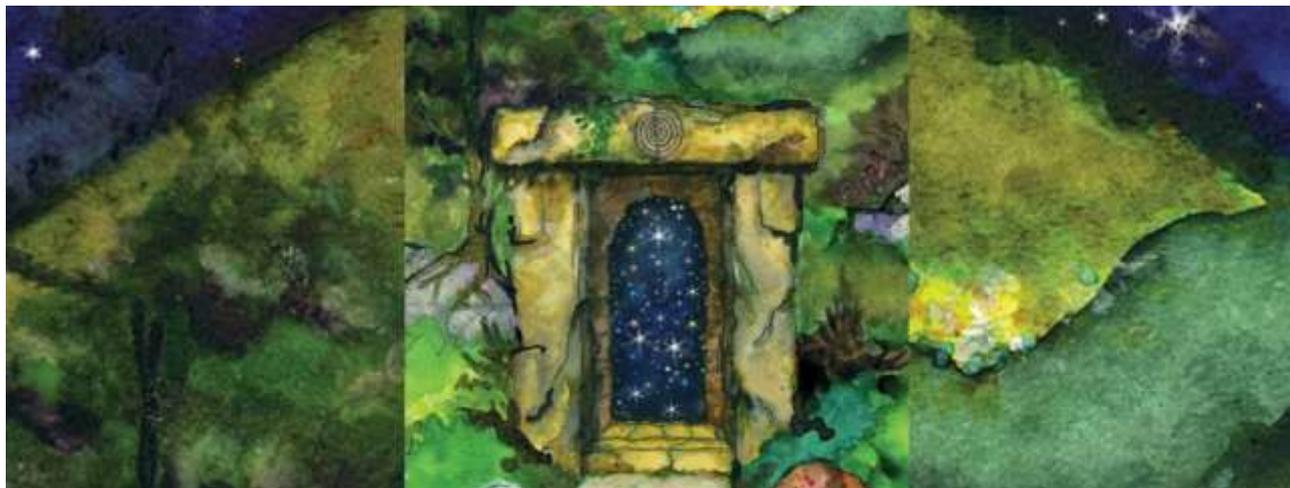

**We need to step out of the tameness of routines and mindless repetition** and enter the river of eternal renewal. Our inherent Wildness is our hope and our only real destiny. Conscious, authentic and gentle Wildness is what we need in order to redeem our innocence and step into the compassionate empowerment. Sidhe Wisdom is a real guide into the wilderness of the Spirit.

## Gaian Partnership

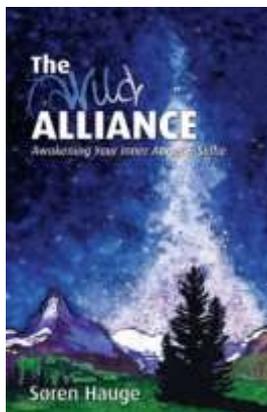

Sidhe Wisdom is a new partnership with our kindred spirits and ancient family, the Sidhe. From ancient time in the long forgotten past primordial Humanity was gradually divided into several lineages, the Sidhe being one and our present Humanity another. Today we mostly consider the Sidhe to be mythological creatures and science fiction Elves. But the Sidhe are not figments of human imagination. They are not confined to our fantasies but stand tall as our closest neighbors in the Gaian field we inhabit. They are our relatives and we can learn to reconnect and co-create with them in service for the Earth. This is a new

enterprise as we need to reach out with our full Humanity, our dignity and invitation to co-creation. In doing this we become bridge builders for an unprecedented future with unimagined possibilities. Partnership is beyond curiosity and romance. It is a deeply rooted friendship based upon trust and mutual knowledge. This is surely a new journey as we must be prepared to meet our partners without preconceptions and emotional expectations. In the same way they need to reach out to us as reliable co-workers for a compassionate and green world. We are being called by them to a new point of departure. May we seize the moment!

## The Elvenforce

Sidhe Wisdom is the re-discovery of our own inner Sidhe-nature, latent in the depth of our being. This x-factor can also be called our Elvenforce, the mostly ignored part of our magical, connected, dancing nature. Much can be said about the layers and facets of this deeply embedded part of our being. Sidhe is a Gaelic word also meaning “peace” and “wind”. When we open ourselves to this deep peace and living wind, our “stone” and “dancer” starts to converge and we gradually become the Dragon Riders creating wholeness and livingness. It is truly magical and at the same time truly realistic as we unite the logical and the lyrical, the stone and the dancer, the tree and the wind. The awakening is all about becoming Human in the fullest sense, unfolding and unifying our inner Sidhe with the rest of our consciously gained capacity. Working with the Sidhe – both in its inner and outer aspects – is something I have given high priority since 2012 and it has resulted in more than 25 workshops, participation in international conferences, three Danish books and one in English.

## The Wild Alliance

*“In this book Søren Hauge writes eloquently and forcefully about our natural human allies, the angels and the Sidhe. He offers not only a vision of who and what they are but practical suggestions on how we can meet them in the proffered possibilities of partnership, finding in the process the angel and the Sidhe within our own nature.”*

## Journeys & School

Together with his partner, Sussie Luscinia Nielsen, and other co-workers Søren has extended the work into new areas. In recent years he has co-conducted journeys to India, England and The Faroe Islands with groups of participants. In 2018 the journey went to Ireland and in september 2019 this will be extended into English speaking people in a joint venture with David Spangler, Jeremy Berg and other co-workers at Lorian Association ([www.lorian.org](http://www.lorian.org))

Sussie Luscinia Nielsen has an extensive background in music, dance and movement and she has put Sidhe poems into music (<https://soundcloud.com/sussieluscinianielsen>) Sussie and Søren conduct the Ireland journeys with other co-workers and together they started the Elvenforce School (The Sidhe Guide School) in Denmark in 2018, an experimental journey to help others unfolding their

inherent Sidhe-nature and connect with our Sidhe-relatives.

If you want to read an English book about the Sidhe, I cannot recommend better books than *Conversations with the Sidhe* and *Engaging with the Sidhe* – by David Spangler, plus *The Card Deck of the Sidhe* by Jeremy Berg and David Spangler.
